The most important event in Romania dedicated to Hydro Energy is preparing to open its gates for the 2015 edition!

Building on the success of the 2014 edition, GovNet Conferences offers again the meeting platform to discuss the specific aspects of investing in Romania's hydro energy sector at the largest conference dedicated to this sector in the country, the Romanian HydroPower Energy Summit 2015.

Representatives of the Romanian Government and regulatory authorities and energy professionals will exchange experience across the entire supply chain of the hydro energy industry, through a perfect networking platform that will create new ventures and investment opportunities in the country.

Join us in a full day conference to find Romania's business opportunities and challenges of the hydro power energy sector.

ROMANIAN HYDROPOWER ENERGY SUMMIT - 2014 EDITION OVERVIEW

The 2014 edition of the Romanian Hydro Power Energy Summit attracted over 200 participants from the hydropower generation sector, in a full day debate over the threats and opportunities offered by the sector in Romania.

Representatives of authorities and regulating bodies interacted with private companies from the entire supply and operation chain of hydro power plants. The representation was at the highest management level, giving the opportunity to the participants to network and establish valuable contacts for future business ventures.

THE 2014 EDITION WAS ORGANIZED WITH THE SUPPORT OF

PROJECT DEVELOPMENT
